

Join us at one of four

public meetings in May!

We're working to make Turlock Transit even better!

In May, we'll ask for your input on proposed changes.

What is this about?

Based on your preliminary feedback in March, we are developing ideas to improve Turlock Transit. In May, we will host public meetings and launch a survey to ask for your input on these ideas. Stay tuned at turlocktransit.com/plan.

This effort is part of a transit plan for Turlock Transit. This effort will provide a roadmap for transit investments in Turlock over the next five years.

Ultimately, the goal is to keep improving Turlock Transit. That means enhancing bus routes, making bus schedules more convenient, and providing a seamless rider experience.

Six reasons to try the bus

1. It gives you access to important destinations in Turlock, like jobs, school, and shopping.
2. It's easy on the wallet: no gas, insurance, or car payments.
3. It lets you do other things while traveling, like reading, watching videos, and checking email.
4. Walking to and from the bus stop—or rolling in a wheelchair—is a great source of exercise.
5. It is an environmentally friendly option.
6. Never worry about parking.
