

We offer discounted fares/passes on fixed route transit buses (not Dial-a-Ride) for senior citizens (65+), individuals with qualifying disabilities^{1,2}, Medicare recipients (not Medi-Cal), honorably discharged veterans of the U.S. military, and students (grades K-12). Passengers are required to show proper identification (ID) proving their eligibility for discount fares prior to payment of the fare.

We accept the following forms of identification for a fare discount when boarding a fixed route bus:

- Turlock Transit Discount Fare Card (DFC) (*preferred*)
- MOVE Stanislaus photo ID³ (*for ADA paratransit eligible passengers*)
- Medicare card and valid, government-issued photo ID

*If you require **complementary ADA paratransit service** because you are unable to independently use the fixed route bus system due to a disability, our reservation-based Dial-a-Ride service may be an option. Be advised that the City is no longer issuing Disabled Eligibility Cards. Instead, ADA eligibility services for StaRT, MAX, CAT, and Turlock Transit are provided solely through **MOVE Stanislaus**. To make an appointment for a free ADA eligibility assessment call the MOVE office at **(209) 232-5092**. Free roundtrip, door-to-door transportation to/from your assessment is provided on Dial-a-Ride. If found eligible, your MOVE card will qualify you for discount fares on fixed route transit service. Otherwise, you can follow the instructions below to apply for a no-cost, Discount Fare Card.*

All applicants must complete Sections 1, 2, and 3. Some applicants may be required to complete additional sections. Follow the stated directions. Please print legibly to reduce delays in processing. **All applicants must have their photo taken in-person** by City staff during normal business hours (12:00 p.m. – 5:00 p.m., Monday-Friday) at the Transit Division office located at Turlock City Hall, 156 S. Broadway, Suite 150, Turlock, CA 95380 prior to the issuance of a DFC.

SECTION 4: ACKNOWLEDGMENT AND CONSENT

I certify to the best of my knowledge that the information on this application is true and correct. I understand that providing false or misleading information could result in termination of my eligibility for a Turlock Transit Discount Fare Card (DFC). If granted a DFC, I understand that it is not transferrable to other individuals, will not be valid for longer than three years, and must be presented to the bus driver **before** the payment of any fares. The City of Turlock reserves the right to modify, suspend, or change the DFC program at any time at their sole discretion. I further understand that until a DFC is issued, I am required to pay the regular fares for Turlock Transit fixed route services. **I have read, understand, and agree to the terms as stated above.**

SECTION 5: APPLICATION SUBMISSION AND PROCESSING

Submit your application in-person during normal business hours at the following address:

City of Turlock, Transit Division, 156 S. Broadway, Suite 150, Turlock, CA 95380

While walk-in applicants are permitted, appointments are strongly encouraged to ensure that a Transit Division staff member will be available to process the application. While parents/guardians may complete an application form for a minor, all applicants (including minors) will need to have their photos taken in-person by City staff for inclusion on the DFC. Once approved, a DFC may be received in-person by the applicant (or their parent/guardian) during the same visit (after a brief wait) or mailed to the address listed on the application form, whichever the applicant prefers. Questions, comments, or concerns regarding this process can be directed to the City of Turlock’s Transit Administration staff at (209) 668-5520 or transit@turlock.ca.us.

Applicants seeking a DFC due to a disability, continue to next sections (next page).

SECTION 6: AUTHORIZATION TO RELEASE PROTECTED HEALTH INFORMATION

I, _____ (printed name of applicant), hereby authorize the qualified health care professional specified in this application to release all information necessary for the City of Turlock’s Transit Division staff to make an eligibility determination for a Turlock Transit Discount Fare Card. Information provided for this purpose will be used solely for making the specified determination and will not be shared with third parties.

SECTION 7: NOTICE TO HEALTH CARE PROFESSIONALS REGARDING REDUCED FARE REQUIREMENTS

As a recipient of federal funding, the City of Turlock (Turlock Transit) is required, during nonpeak hours, to provide a discount fare to elderly and persons with disabilities at a rate of not more than 50% of the regular, peak fare. Turlock Transit extends this to apply during all hours. Under this Discount Fare Program, a person with a disability is defined as:

“... those individuals who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, including those who are nonambulatory wheelchair-bound and those with semi-ambulatory capabilities, are unable without special facilities or special planning or design to utilize mass transportation facilities and services as effectively as persons who are not so affected.” (See 49 U.S.C. § 5307(d) (reduced-fare requirement); 49 C.F.R § 609.23 (reduced-fare requirement); 49 C.F.R. § 609.3 (definition of “elderly and handicapped persons”).

Reduced fares are only provided to individuals with a qualifying medical disability. **Reduced fares are not provided for socioeconomic purposes. Please note that pregnancy, obesity, drug or alcohol addiction, and certain other conditions, taken alone, do not qualify as disabilities eligible for Turlock Transit’s Reduced Fare Program.** (See 49 C.F.R. § 609, Appendix A). Federal transit laws provide for a reduced fare only to individuals with a disability that both meets the definition of a disability under the Americans with Disabilities Act (see 49 C.F.R. § 37.3 definition of “Disability”) and meets the requirement that because of the disability, the individual is unable, without special facilities, planning, or design, to utilize Turlock Transit’s transit facilities or services as effectively as individuals without a disability. This means that **an individual with a diagnosed, recognized disability may fall under the civil rights protections for access to transportation services, but not qualify for a reduced fare.** (Compare 49 C.F.R. § 609.3 with 49 C.F.R. § 37.3.)

Therefore, to qualify for a reduced fare, **the qualifying disability must result in a reduced capacity to perform actions necessary for the use of Turlock Transit’s regular fixed-route services without receiving special training or assistance.** If the diagnosis listed on the Application does not clearly meet this standard, the certifying health care professional will be asked to provide a narrative description identifying the specific features of Turlock Transit fixed-route services that the applicant cannot use without special training or assistance. The “special training or assistance” must be different than the orientation required for all first-time users (disabled and nondisabled) of public

transit. State law further extends the benefits of the federal reduced fare program to the following individuals:

- (1) An individual who by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, including, but not limited to, any individual confined to a wheelchair, is unable, without special facilities or special planning or design, to utilize public transportation facilities and services as effectively as a person who is not so affected (see *Cal. Pub. Util. Code § 99206.5*);
- (2) An individual who has lost, or has lost the use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, or who has a diagnosed disease or disorder which substantially impairs or interferes with mobility, or who is so severely disabled as to be unable to move without the aid of an assistant device (see *Cal. Veh. Code § 295.5(a)*);
- (3) An individual who is blind to the extent that the person's central visual acuity does not exceed 20/200 in the better eye, with corrective lenses, as measured by the Snellen test, or visual acuity that is greater than 20/200 but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle not greater than 20 degrees (see *Cal. Veh. Code § 295.5(b)*);
- (4) An individual who suffers from lung disease to the extent of any of the following:
 - a. The individual's forced (respiratory) expiratory volume for one second when measured by spirometry is less than one liter.
 - b. The individual's arterial oxygen tension (pO₂) is less than 60 mm/Hg on room air while the person is at rest (see *Cal. Veh. Code § 295.5(c)*);
- (5) An individual who is impaired by cardiovascular disease to the extent that the person's functional limitations are classified in severity as class III or class IV based on upon standards accepted by the American Heart Association (see *Cal. Veh. Code § 295.5(d)*);
- (6) A "disabled veteran," which means any individual who, as a result of injury or disease suffered while on active service with the armed forces of the United States, suffers any of the following:
 - a. Has a disability which has been rated 100 percent by the Department of Veterans Affairs or the military service from which the veteran was discharged, due to a diagnosed disease or disorder which substantially impairs or interferes with mobility.
 - b. Is so severely disabled as to be unable to move without the aid of an assistant device.
 - c. Has lost, or has lost the use of, one or more limbs.
 - d. Has suffered permanent blindness, as defined in Section 19153 of the Welfare and Institutions Code. (see *Cal. Veh. Code § 295.7.*)

(See *Cal. Pub. Util. Code § 99155(b)* extending reduced fare transit benefits to the above-listed individuals.)
A temporary disability is defined as a qualifying disability (meeting the standards set forth above), which lasts more than 90 days. (See 49 C.F.R. §609, Appendix A, Question 2 and *Cal. Pub. Util. Code § 99206.5.*)

The List of Qualifying Disabilities included in Turlock Transit's Discount Fare Program application form is intended to identify disabilities that qualify for a reduced fare. This list is not intended to expand the list of individuals eligible for a reduce fare under state and federal law. Turlock Transit reserves the right to revise the List of Qualifying Disabilities at any time in order to conform its Reduced Fare Program to the requirements of state or federal law.
